Need and Fit

- Account access: registration/login success screenshots; profile HTTP 200 in server log.
- Blog management: create/list shown; update/delete are in scope but not shown.
- Draft content: Gemini generation response HTTP 201.
- Condense content: Gemini summary response HTTP 200.
- Organize content: Technology category appears in supplied examples.

Assessment

The supplied evidence supports technical operation of several local API flows. It does not establish adoption, satisfaction, or market demand.

Next Validation

Ask blog creators and API integrators to try the workflows and record feedback.
